

Making a difference isn't just about what you do. It's about how you do it. And who you do it with. A career at EDC gives you the chance to help Canadian companies conquer the global marketplace. To do business responsibly. To work shoulder-to-shoulder with some of the brightest, most dedicated professionals in their fields. People like you, who want to make a difference—for companies, for Canada and for each other.

An Inclusive Culture

As a workplace, EDC reflects the diversity and inclusive values of Canada as well as the vast range of traditions, experiences and human traits that make up the wider world. We earned recognition as one of Canada's Best Diversity Employers for providing a workplace where people feel like they belong and can bring their true selves to work.

Diversity & inclusion

EDC is a workplace grounded in mutual respect and supportiveness. We encourage each other to think big, be innovative, and put our full skills and knowledge to use. We build teams that root for each other, professionally—and personally, too. We're here for each other because we know it takes all of our combined talents to help Canadian companies succeed internationally.

Diversity and inclusion are more than just values at EDC: they're fundamental strengths that go hand in hand. We actively reach out and recruit diverse talent to ensure our workforce reflects our country and the international marketplace where we do business. And we just as actively make sure that each of us is welcomed, accepted and free to bring—and be—our very best every day.

Where you belong

Wherever you're from, whatever your background, there's a group for you at EDC to belong and contribute to. (And if there's not, you can start one!) Today our employee-led groups include Women@EDC, LGBTQ2+, Latinos y Amigos and Students@EDC — all supported by our Diversity and Inclusion Committee. We also have a Fitness Committee and a Green Team you can join.

When you work at EDC, you can count on each day to bring fresh challenges, constant learning and a real sense of purpose. That's because every day brings you the chance to contribute to the success of Canadian companies around the world. Forge a career that means something. There's more to life at EDC.
