

We are Payments Canada

Payments Canada ensures that financial transactions in Canada are carried out safely and securely each day. The organization underpins the Canadian financial system and economy by owning and operating Canada's payment clearing and settlement infrastructure, including associated systems, by-laws, rules and standards. The value of payments cleared by Payments Canada's systems in 2017 was approximately \$50 trillion or \$200 billion every business day. These encompass a wide range of payments made by Canadians and businesses involving inter-bank transactions, including those made with debit cards, pre-authorized debits, direct deposits, bill payments, wire payments and cheques.

We are leading an industry-wide initiative to modernize Canadian payments. Guiding the journey are the needs of Canadians, including consumers, financial institutions, corporates, small businesses, start-ups, regulators, and governments. With offices in both Ottawa and Toronto, Payments Canada is comprised of over 200 outstanding employees.
