

Work with Enbridge

If you're looking to build a career with a high-performing, growth-oriented, innovative company that shares its successes with its employees, Enbridge may be the place for you.

We look for individuals possessing strong leadership qualities, high initiative, exceptional technical and analytical abilities, and strong planning, organization, communication and interpersonal skills. We frequently seek qualified candidates in the following functional areas:

- Engineering: Civil, mechanical and electrical engineers
- Information Systems: Systems and business analysts and developers
- Pipeline Operations: Electrical and mechanical technicians, plant and system operators and pipeline maintenance personnel
- Accounting: Accounting and financial analysts, internal auditors and tax accountants

Diversity and inclusion

Enbridge's success is built on a diverse, respectful and inclusive workplace. We seek employees who enhance our work environment, who are committed to upholding our company values and who believe a workplace should be welcoming and inclusive for everyone. We encourage diversity in our workforce because we understand that different backgrounds, abilities, and perspectives will help keep us innovative and dynamic.

Enbridge's commitment to diversity and inclusion means a commitment to hiring those people whose skills and abilities contribute the most to the success of the organization and who reflect the communities in which we live and work. That commitment is why Enbridge was named as one of Canada's Best Diversity Employers for 2014, 2015, 2016, 2017 and 2018, in addition to receiving a Sector Distinction Employment Equity Achievement Award (EEAA) from the Government of Canada in 2017.

Through continual renewal and development of positive policies and programs, Enbridge builds a workplace that is equitable, respectful and free from harassment.
