**UNITY HEALTH**  
TORONTO

**Unity Health Toronto** works to advance the health of everyone in our urban communities and beyond. Our health network serves patients and residents across the full spectrum of care, spanning primary care, secondary community care, tertiary and quaternary care services to post-acute through rehabilitation, palliative care and long-term care. Our academic mission is demonstrated in our world-class research and education programs.

## CAREERS AT UNITY HEALTH TORONTO

Unity Health Toronto serves patients, residents and clients across the full spectrum of care while investing in world-class research and education.

Unity Health Toronto's commitment to anti-racism, equity and social accountability is essential to our ability to provide exceptional care experiences and to drive research and academic excellence. Our deeply held values of *human dignity, compassion, excellence, community* and *inclusivity* drive us to continuously nurture an environment that is inclusive and compels us to work in opposition to racism and discrimination as continuing barriers to people's ability to access health services and to realize their full potential in employment and in life.

We are committed to creating an environment where all of our people feel welcome and valued while being themselves. We strive for an environment where our people are empowered to share different perspectives that will inspire creativity and innovation that will support our ability to contend with the challenges of today's health-care environment. We encourage applications from qualified candidates and especially welcome applicants who are Indigenous, Black or Racialized, persons with disabilities, people who identify as LGBTQ2+, and all others who may contribute to the further diversification of ideas.
