

**Unity Health Toronto** is one of Canada's largest Catholic healthcare networks serving patients, residents and clients across the full spectrum of care, spanning primary care, secondary community care, tertiary and quaternary care services to post-acute through rehabilitation, palliative care and long-term care, while investing in world-class research and education. We are comprised of: St. Joseph's Health Centre, St. Michael's Hospital, Providence Healthcare.

Working in health-care means being part of something bigger than yourself. It means being part of a family and a network of devoted professionals who love what they do. Unity Health is no exception—we are committed to helping our staff feel fulfilled, valued and supported every day.

## CAREERS AT UNITY HEALTH TORONTO

Not only do we prioritize creating exceptional experiences for the patients who come through our doors, we also provide the same treatment for our staff, physicians, students and volunteers. This is why we are consistently engaging with our staff to ensure their needs are met and their voices are heard.

Our commitment to anti-racism, equity and social accountability is essential to our ability to provide exceptional care experiences and to drive research and academic excellence. We are committed to creating an environment where all of our people feel welcome and valued while being themselves. We encourage applications from qualified candidates and especially welcome applicants who are Indigenous, Black or Racialized, persons with disabilities, people who identify as LGBTQ2+, and all others who may contribute to the further diversification of ideas.

We are committed to creating a workplace culture where everyone feels valued and welcome to be themselves, and where they are empowered to share different perspectives to inspire creativity and innovation.
