

Who we are and what we do

We're here to help. When an injury or illness happens on the job, we move quickly to provide wage-loss benefits, medical coverage and support to help people get back to work. Funded by businesses, we also provide no-fault collective liability insurance and access to industry-specific health and safety information.

We are one of the largest insurance organizations in North America covering over five million people in more than 300,000 workplaces across Ontario.
