

Brampton Library enriches the lives of Brampton residents by promoting literacy and by providing access to collections, programs, services and technology in a welcoming environment that fosters innovation, discovery and connections within the community. Each year the Library receives over 2 million visits at our seven branch locations and over 4 million website visits. Over 120,000 attend more than 4,400 programs offered each year, and the Makerspace Brampton and Audio Recording Studio encourage the development of digital and technical learning skills.

Our neighbourhood branches map out across the city: South Fletcher's, Cyril Clark, Mount Pleasant Village, Four Corners, Chinguacousy, South West, Gore Meadows, and Springdale.
