## SNACKING MADE RIGHT

### About Us

We are one of the largest snacking companies in Canada with delicious household favourites including Cadbury, Oreo, Christie and Maynards.

Our brands are iconic, occupying many of the number one, two or three spots across their categories; and our makers and bakers have the enviable job of inventing and making chocolate, cookies, crackers and candy across our iconic Ontario manufacturing facilities and sites.

We are a business that has set ambitious targets for growth, with around \$250 million being invested into our Ontario-based manufacturing facilities in the last few years alone; we are leading marketing campaigns with innovations such as Cadbury Dark Milk and Oreo flavours, including Birthday Cake and Peppermint Bark.

Our community of over 2,683 employees is based across Canada, with our head office on Bloor Street West in Toronto.

What makes our workplace great is passion and personality. We expect people to be themselves, speak up, and embrace our diversity as our strength. We're mindful of the space and time you need to work flexibly, and the importance of trust and empathy in promoting a strong sense of belonging.

### Diversity and Inclusion

At Mondelēz International, our Purpose is to empower people to snack right. From OREO to CADBURY, our brands have superpowers. They encourage playfulness, inspire acts of generosity and take a stand on issues that matter. In a world that seems to be more divided, we bring people together.

As a global company, our diversity is a strength that drives innovation and growth. Guided by our Purpose and Values, we strive to champion diversity, inclusion, and economic empowerment for our colleagues, culture and communities.
