We believe that ensuring diversity is fundamental to our future growth and progress and is an integral part of our business. Geotab is committed to sustaining a global diverse, equitable and inclusive culture where differences drive innovative solutions. Geotab has created diverse Employee Resource Groups that focus on awareness, research, and community partnerships to foster a more connected organization. With over 2,000 employees in 10 countries, we are enriched by the diverse team of people who focus on our partners and customers. We value our differences and understand that they help drive the success and innovation of Geotab.

## Our core values

- Collaborate and strive for transparency
- Do the right thing
- Embrace change
- Innovate and develop for the future
- Keep it simple
- Work hard, your way

## Some perks of working at Geotab

We encourage a hybrid work model where staff can visit their local office as frequently as they'd like or work remotely when necessary. When in the office, you can collaborate with your colleagues, take advantage of co-working spaces and catch up over coffee in our various global cafes. When working from home, we support our employees through a global community of live chat rooms, regular team meetings and learning sessions to keep everyone connected.

**Baby bonus**

**Learning**

**Medical & dental benefits**

**Build your home office**

**EV program**

## Our commitment to sustainability

Sustainability is at the core of everything we do at Geotab, from striving to minimize the environmental footprint of our internal operations to developing innovative technologies that optimize the ability of fleets to go green. Our mission is to work with our partners globally toward a decarbonized and thriving future with a collective vision of net-zero emissions.
