

## PURPOSE

Helping customers bring their resources to our world.

## MISSION

We will be the service company of choice for our stakeholders.

## What We Do

With offices strategically located across Canada and over 4,000 employees, we construct and provide maintenance services that keep our clients moving forward.

Our people and processes are the pillars of our company. Safety is intertwined into our culture where everyone strives to achieve a zero-injury workforce and flawless execution on schedule and within budget.

## The Right Job For You

At FLINT, we recognize that our greatest resource is our people. Combining world-class workforce solutions together with top-tier talent will build upon our reputation of unwavering quality, safety, and customer satisfaction.

FLINT strives every day to be recognized as your employer of choice, modelling our core values not only to our customers but also to our employees. We promise to uphold these values by providing a safe, progressive, and proactive work environment while continuously working to minimize our impact on our planet.

We will work every day to build our employees into leaders, fostering a work environment of integrity, curiosity, empowerment, and innovation.

## Diversity

We embrace diversity and actively pursue opportunities for inclusion throughout our business. We are committed to creating a culture that values safety, mental health, and the sense of belonging of all employees.
