

Halifax Regional Centre for Education

About Working with Us

The Halifax Regional Centre for Education (HRCE) is the largest Centre for Education in Atlantic Canada with over 10,000 full-time, part-time and casual employees. Serving more than 57,000 students in 135 schools, our geographic region spans a 350 km radius.

We are committed to an inclusive education system that supports the well-being and achievement of every student and is high-quality, culturally and linguistically responsive.

HRCE is actively working to hire individuals from under-represented groups, particularly people of African Nova Scotian, African Canadian and African

ancestry and Mi'kmaw/Indigenous ancestry, to work toward equitable representation within all employee groups. Equitable hiring strengthens the knowledge and expertise in our schools, and supports our public education system in establishing schools as safe, caring, and accessible learning spaces that support all students. This will provide opportunities for students to see themselves reflected throughout their schools, learning resources, and within their learning experiences.

Our employees are the backbone of our system. We offer excellent career opportunities with competitive wages, comprehensive health and dental benefits, defined benefit pension plans and potential for professional growth and development.

All positions with the Halifax Regional Centre for Education are posted on our website through the link below. To access our online resume and job application system you will need to register for an account. Click on "Click here to verify and then "register for a login". Registration is quick and easy!

HRCE has a Recruitment, Selection and Hiring of Staff Policy and we actively encourage applications from under-represented groups, particularly people of African Nova Scotian, African Canadian and African ancestry and Mi'kmaw/Indigenous ancestry, in compliance with the applicable collective agreements or terms and conditions of employment. Applicants are encouraged to complete the Diversity Management section under the Questionnaire heading in the online resume section.
